How to wish and care the hairs?

1)	Wash the hair every 3-5 days with warm water around 40 degrees Celsius. Use always professional products.
2)	Dry your hair with a good towel, do not roll the hair into the towel. Air drying will be recommended.
3)	For the wavy and curly, use some hair gel to help holding the texture after washing. And it's preferable to do it with fingers.
4)	Avoid overuse of hot curlers and flat-irons which will shorten the life of hair. When perming or dyeing the hair, use some nutrition water or a protectant.
